This magnificent round antique French, iron, six- light chandelier has torch style holders around its periphery. Graceful double scrolling ribbons have been hand forged and are on the outside between the torches . C-scroll ribbons are continued as a motif to the interior. There are more hand forged details in the three bars with hooks that attach to the center three prong holder. A short iron rod extends upward to the canopy. This is a very elegant, hand forged, antique French iron chandelier that will be an asset to room it is placed in.

CONDITION: Very good antique condition; minor rubs, scrapes and rusting to iron. Not electrified
